These Lozenges may be found on sale in every British Colony; and throughout India and China they have been highly esteemed wherever introduced. For COUGHS, ASTHMA, and all Affections of the Throat and Chest, they are the most agreeable and efficacious remedy; they do not contain opium or any other deleterious drug, and may therefore be taken with perfect safety by the most delicate constitution.

Important Testimonial to the efficacy of Keating's Cough Lozenges in relieving Pulmonary Affections.

DAWLISH.

SIR,—The very excellent properties of your Lozenges induces me to trouble you with another testimonial on their behalf. All I can say is, that I have been more or less Consumptive for upwards of three years, and have tried a great number of Lozenges to abate the Cough, but from none have I found such relief as from yours—even one of them will check the most violent attack. They are invaluable, and I strongly recommend them to persons suffering from Cough or Cold on the Chest. Pray make any use of this you please if worth your while.
